

# National Child Day is on November 20<sup>th</sup>

Connect children and youth to a fun learning challenge on children's rights, citizenship and the United Nations Convention on the Rights of the Child. All Kahoots end in a call to action to young people to change their classrooms, schools or communities.

**Directions:** Simply click on the link below for the appropriate age level, enter a nickname and press GO! Join the Kahoot with your classroom or have students complete the Kahoots independently, if they have access to their own computers or devices.

7 to 12 years
